

PRESS RELEASE

Contact: Debbie Wegman, Community Services Director, City of Big Spring

Date: December 14, 2016

Phone: 432-264-2516

Event: Spring under construction during renovation.

The Big Spring CVB has contracted with Kelly Cook and KDC Associates to undertake a major renovation project at our Historic Spring. The project will put the spring area out of commission for the time being. Construction fencing will prohibit anyone from entering the area; please do not go into the spring area until construction is complete. Please be considerate of construction crews as they are coming and going in Comanche Trail Park, also please be advised that the walking trail that goes behind Dora Roberts Community Center to Belaski Pavillion will be closed during construction. Thank you for your patience and we are excited to unveil our newly renovated historic Spring.
