In the event a wrecker company fails to comply with the provisions of this subsection by proceeding to the designated place within the time specified above, said company shall be removed from the top of the list and placed at the bottom of the list. This subsection shall not apply where the company's name at the top of the list is called and they advise the officer requesting the wrecker service that they will be unable to make the call, nor will it apply where there has been a delay caused by some act or omission of another person other than of the wrecker company or its employees or caused by an act of God.
